ABOUT US

Established in 1983, Kumar Knit Creation is a leading knitwear manufacturer with over 40 years of expertise in producing high-quality apparel for men, women, and specialized clients, including military and defense forces. Renowned for supplying durable, mission-ready garments to the armed forces for four decades, the company combines advanced manufacturing practices with a skilled workforce to ensure precision, resilience, and timely delivery. Committed to innovation and excellence, Kumar Knit Creation upholds stringent quality standards, strategically positioning itself as a trusted partner for civilian and tactical needs while striving to become a top regional garment producer. Rooted in integrity and customer-centric values, the organization celebrates a legacy of enduring craftsmanship and looks toward a future driven by sustainable growth and global competitiveness.

KUMAR KNIT CREATIONS

Our Philosophy

Our company philosophy is simple: provide the best possible products and services to our customers and treat them with the utmost respect.

We believe that by adhering to this philosophy, we will be able to build strong, long-lasting relationships with our customers. We also believe that this philosophy will help us attract new customers and grow our business.

Our Vision

To be the globally recognized partner for armed forces, delivering mission-critical apparel crafted over four decades to ensure safety, resilience, and unwavering trust. We dedicate every innovation and stitch to empowering those who serve with excellence."

Our Goals

Our goal is to be recognized as a company that is reliable, innovative, and responsive to the ever-changing needs of our customers. We will achieve this by always putting our customers first, investing in our people, and maintaining the highest standards of excellence in everything we do.

COMPANY PROFILE

ABOUT US

I.Kumar Knit Creation, based in Ludhiana, is a distinguished name in the garment manufacturing industry with a legacy spanning over 40 years. OUR MACHINES

KNITTING MACHINES

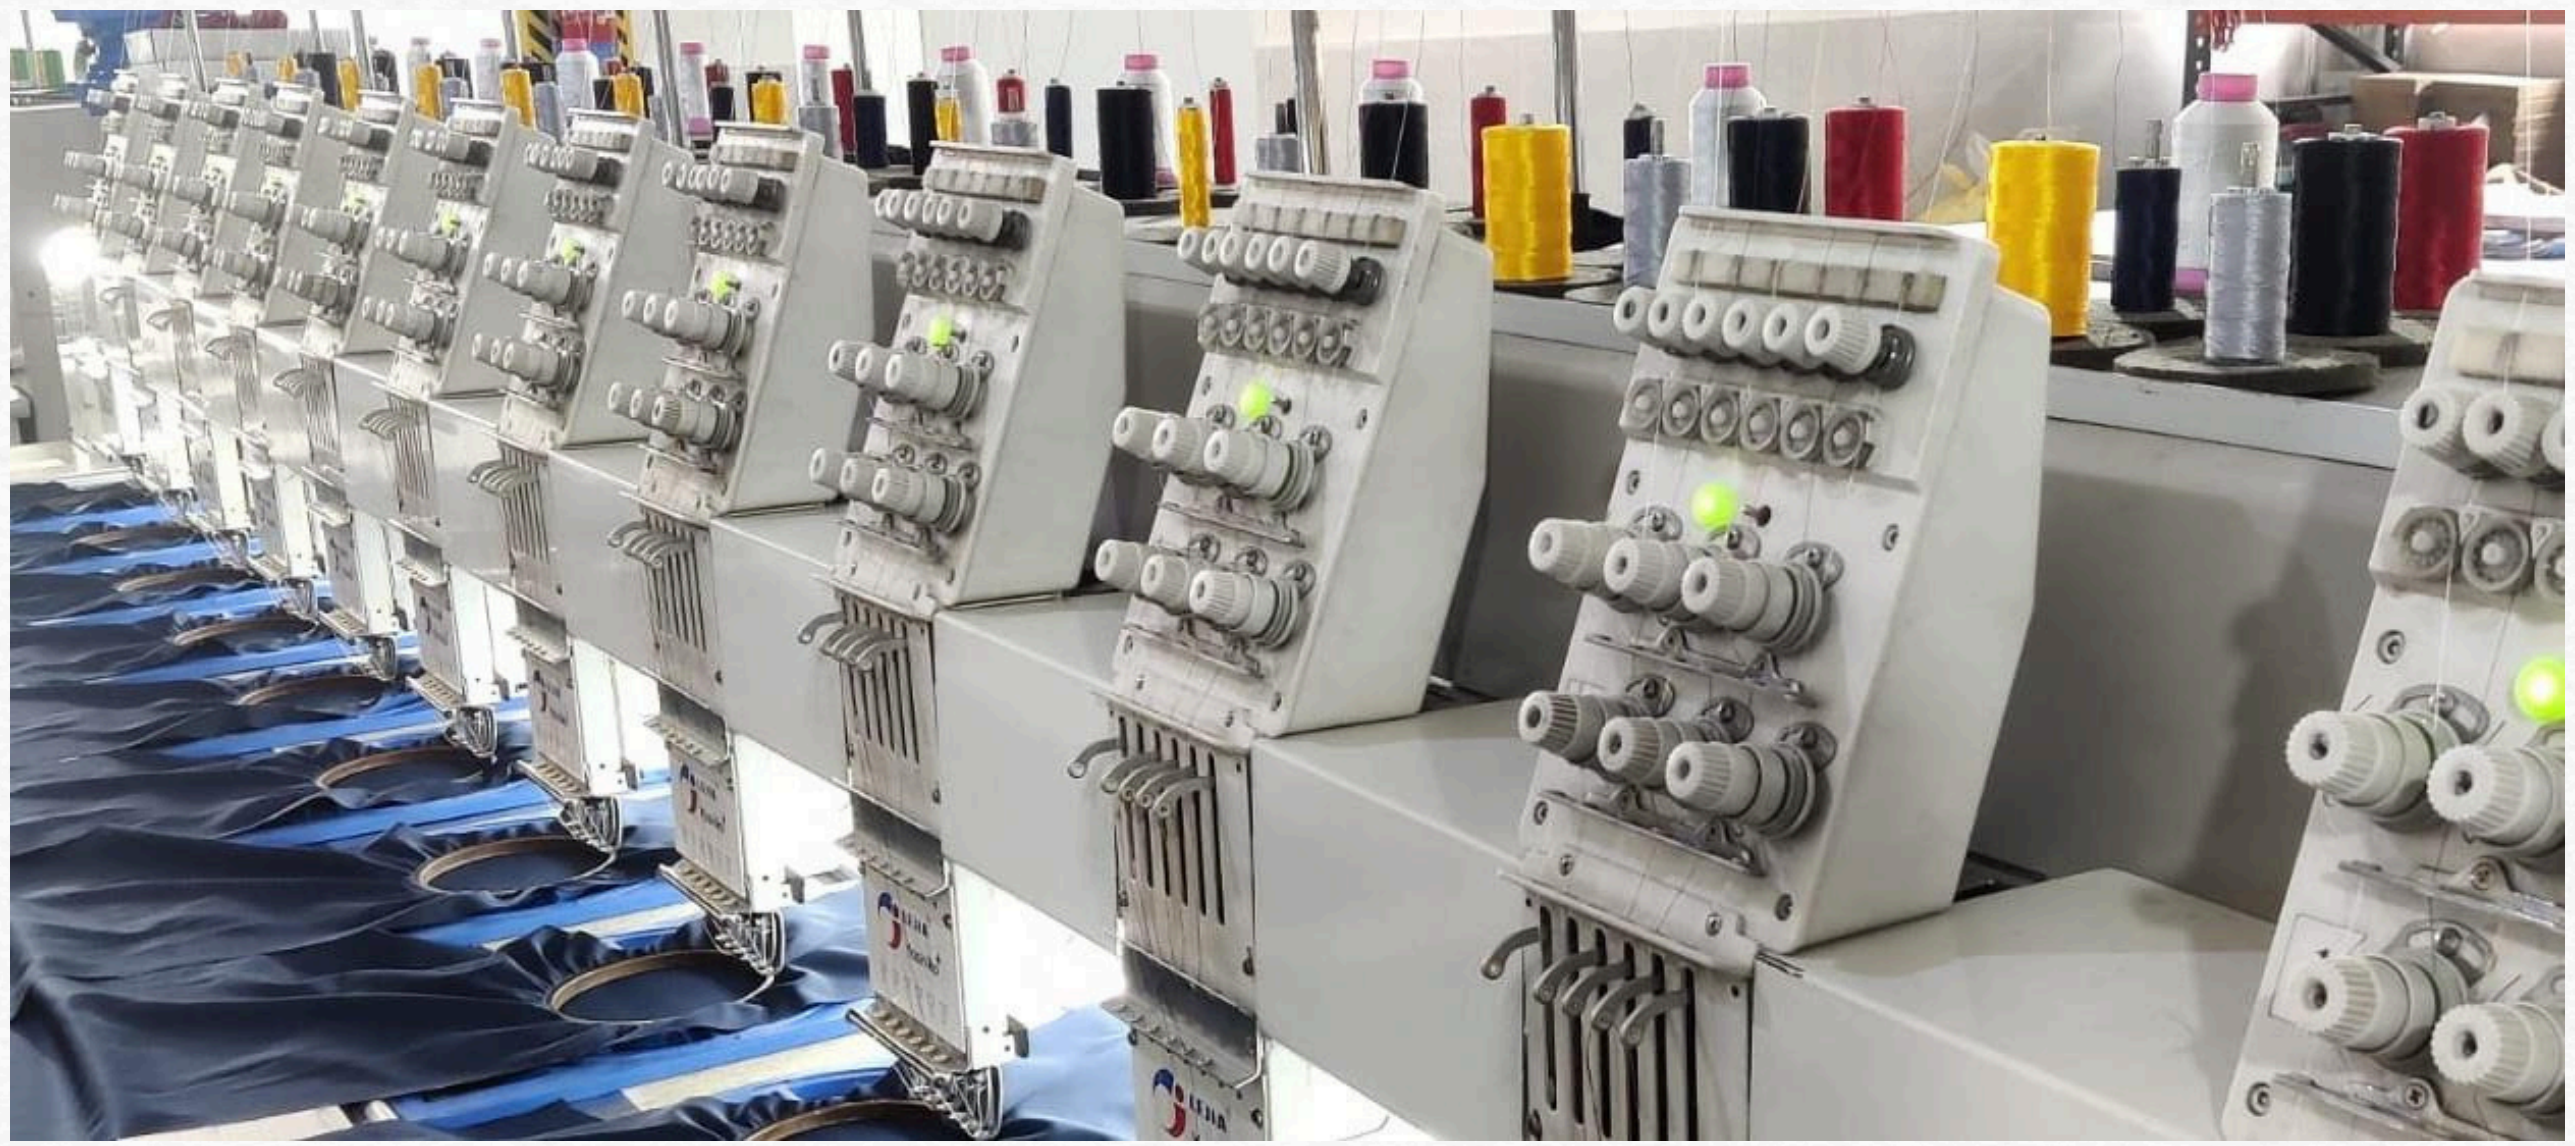

Our factory has 20 knitting machines, which are used to create a variety of knitted fabrics. These machines are capable of producing a wide range of stitch patterns, textures, and weights, making them ideal for a variety of applications.

The knitting machines are also highly efficient, allowing us to produce large quantities of fabric quickly and easily. This helps us to meet the demands of our customers, who are always looking for new and innovative knitted fabrics. we are producing over 500 sku in fabric And we are producing around 300 tonnes a month

In addition to their efficiency, the knitting machines are also very precise. This allows us to produce fabrics with consistent quality, which is essential for our customers.
